

The 1st International Symposium on Mine Geo-disaster and Ecological Restoration (ISMGeR)

12-14 September 2025, Urumqi, China
(the 1st Announcement)

Hosted by

- Committee on Mine Geo-disaster and Ecological Restoration (CMGeR), International Consortium on Geo-disaster Reduction (ICGeR)

Chairs:

- Zizhao Zhang, Professor
Xinjiang University, China
- Wanghua Sui, Professor
China University of Mining and Technology

In collaboration with:

- Xinjiang University, China
- China University of Mining and Technology
- China National Commission, International Mine Water Association (IMWA-CNC)

INTRODUCTION

The intersection of mining safety, mineral resource development, and ecological environment protection represents a multifaceted global challenge from both academic and industrial sectors, as they may jeopardize the safety of mining and cause immense economic losses.

THEME

Geo-disasters Mitigation and Ecological Restoration in Mines

TOPICS

- Mine geo-disaster and reduction;
- Ecological restoration of mine;
- Deep mining geohazard mitigation;
- Mine slope stability;
- AI in mine safety and ecology

PROGRAM

Keynotes, invited lectures, presentations, pre/post-conference field trips

Dates and Venue

Abstract (300 words) due: 30 May 2025

Presentations: 12-14 Sept. 2025

Venue: Urumqi, Xinjiang, China

VISA

Invitation letter for Visa application can be provided by Xinjiang University, China.

Symposium Secretariat
